

# Act'n Up

Young M.A

Oh shit  
Now I'm acting up  
Now I'm acting up  
Gotta let me in  
Now I'm acting up  
M.A

Now I'm acting up  
I'm here now  
Tell em pack it up  
I got the act up  
They try to act up  
I'm toolled up  
Tell em back up  
Hit the club  
Through a rack up

Now I'm acting up  
Now, it's time to act up  
Oh, now I'm acting up  
Now I'm acting up

Now I'm acting up

Told motherfuckers, Ima make it  
Been about 10 years I been waiting  
I swear these new niggas overrated  
Who am I?  
I'm history in the making  
I'm just grinding cause I'm here to make the bacon  
And if it's hard for me to make it  
Ima take it  
Ima load up that 7 .45  
And if a nigga disrespect  
They gotta die  
I ain't scared to look a nigga in his eye  
And you will never see fear inside of mines  
I got an I don't give a fuck mental  
And if that pussy running up  
Man down  
Tell these labels come fuck with the girl  
But these niggas can't fuck with the girl  
And you know, I keep the Paingang with me  
And you know, they turn up for the girl  
All these women wanna fuck with the girl  
And for a buck, she a slut for the girl  
But if she ain't tryna get a head up  
She gotta go cause that's a must for the girl  
Hold on, Ima be an issue  
I'm about to make these hating niggas like [?]  
I hope you comprehend  
I hope its getting through  
Cause what I'm finna do is put some [?]

I drank the whole Henny bottle  
Now I'm bangin'  
And this bitch I got with me is a 10

Brownskin, pretty thing, kinda thick  
But for some odd reason  
I keep looking at her friend  
(Oh, I'm acting up)  
Boy I came here to win  
So why the fuck you niggas came here again?  
Cause you ain't doing what you speaking  
You ain't speaking what you doing  
You talk loud  
But your money on mute  
I been getting money  
Nigga this ain't nothing new  
All I do is get money  
Cause ain't nothing else to do  
Fuck you worried about me for?  
Worry about you  
I don't even know you niggas  
I don't even have a clue  
Who the fuck you niggas is  
Or what the fuck you niggas do  
So you can't judge me  
Unless you walking in my shoes  
So back back  
For I click clack  
Make you snooze  
And have all you hating ass niggas on the news
