Pull up with the squad in that black van  
Black hoodie black shoes black hat and pants  
Shoot the chopper at his feet make him tap dance  
Pussy tried to bust back but his gact jammed  
I got that work on deck I'm the pac man  
Disrespect Redlyfe that's a flat man  
My niggas never run like a fat man  
Fuck a gun I'll slap a dyke with my back hand

I got big money  
Boy you don't get money  
Broke boys tryna stunt with they bitch money  
Show ya bitch a rack now ya bitch want me  
Get the head now come and get your bitch from me

My squad turn this whole shit ugly  
Put three hole in ya head like a black scully  
Act gully get clapped with two maces  
A mac 10 plus a mac 10

Dump a bitch quick if she act funny  
Told her ion love hoes  
I'm a mac honey  
Ion love em'  
Ion chase em'  
I just duck em'  
I just fuck em' with a strap in the rubber, under covers  
I just fuck her all winter then I duck her all summer  
I already fucked her sister, now I'm plottin' on the mother

Ah. smoke a color purple, Danny Glover  
And I smoke niggas with that lethal weapon  
Danny glover ah

I'm on my shit, leaving shit stains  
I'm a beast, y'all weak like the fifth day  
If I get paid then my bitch paid  
And we both ball out like a nick game  
Bitch give me head while I switch lanes  
Pussy so good I be sleep for like six days  
I swear these niggas got bitch waste  
Talk shit put this four fifth to your rib cage

If ion got a gun I got a switch blade  
Quick to cut a nigga up  
I'm making real estate money boy  
So you know I gotta live it up  
She dropped it for a real nigga  
So you know I had to pick it up  
Bitch said she take strap  
So I took her to the back  
And you know I had to dick it up

We see a flashy nigga, we gon' stick him up  
I hear these dykes tryna rap  
Boy give it up

And for these niggas that are tryna act like a realist  
I got banana clips that will have them niggas bitchin' up

Redlyfe pain gang we the squad though  
Bank account looking like a bar code  
Got a pretty yellow bone, like waldo  
Added two blacks she a blonde though

Flexing  
Money just stretching  
Guns for protection  
Aim it at ya neck and  
Niggas talk tough but never been arrested  
Never held a weapon  
Never been respected  
Pussy ass niggas need a skirt on  
High heels on with a purse on

Imma kill these niggas man  
And I put that on my first born
