

## Funk Flex Freestyle #133

Young M.A

They told me to do it so I went and did it  
I said the Queen of Brooklyn, nigga, let's get it  
That's queen with a K 'cause I'm a king too  
It's Kings county, I'ma show you what this queen do  
Listen, man, I don't do it for likes  
Nine times out of ten, I do shit for a price  
I told Cas, "If I'ma do it, I'm doin' it right"  
Let these lil' niggas know what I do with a mic  
I got the crown like heights, oh yeah, I took this shit  
We don't ask, we just take, real Brooklyn shit  
This beat is real raw, I had to cook this shit  
Yo, this mine now Cas, I had to book your shit  
I'm top ten and that's a Fendi fact  
Any nigga want to bet, I put my hundreds where you pennies at  
Yeah I'm pretty but ain't shit pretty  
I'm from that city where it's gritty at, that click-clack, give me that  
And put the glizzy right there where your kidneys at  
Oh that's a bustdown AP? Send me that  
You can't flex in my city, know they gon' envy that  
Niggas hungry, they'll kill you for a fifty pack, real shit  
Police chase us, constant discrimination  
Even the black cops is racist, no grass, just pavement  
Everybody been claimin' that gang shit  
Honestly, every hood is the same shit  
Let's change routes, different route, let's do it different  
Instead of startin' a gang, nigga, let's start a business  
Either you gang or you gainin', that's not a hard decision  
You could still be a star without the star position  
And I'm winnin' 'cause my heart consistent  
Stayed indy, made a smart decision  
Top notch is where my bar's positioned  
Tryin' to go head-up with me, car collision  
I can murder any of you rappers from start to finish  
My drink devil but I get high like God's position  
When life through me a rod, nigga I started fishin'  
My palms started itchin'  
Got that drive like when you start the engine  
I'm a GOAT but still I'm hardly mentioned  
Fuck it, man, that's all they gettin'

I see the hate, I see a lot of love  
Why they be so mad at you, MA? Shrugs  
Is you 'cause you realer? Is it 'cause you kill shit?  
They all in they feelings? Shit, all the above  
I don't know what they problem is, but anyway baby  
I could be your daddy if you don't know who your father is  
We know who don't like us, we know who our target is  
Keep on shittin' on 'em like I don't know what a toilet is  
Trophies in them offices, graduated from the streets  
I don't know what Harvard is, no diploma, no degrees  
But my chain on no degrees  
Dropped a bag at the dealer, told 'em, "Throw them keys"  
I had a long day, baby, on your knees  
Put your face on it while I hold your weave  
And baby when we done, can you roll the weed?  
She said, "This gorilla?" I said, "Oh, indeed"  
But I would leave a bitch if she crossed me like a rosary

'Cause even when I wasn't rich, them hoes still noticed me  
Used to be cold-hearted, found a girl that's cold as me  
I believe what's done to me, not what's ever told to me  
Man, fuck rumors  
How the fuck can y'all believe what's on computers  
Losers, learn life, pick me as your tutor  
Come here, let me school you, here's a pencil and a school book  
Nigga, fuck a rule book, I'm disobedient  
I used to see the haters but now I see comedians  
Got rid of some niggas 'cause they was movin' devious  
Now I only move with the immediate  
Got money, repeated it, repeated it, repeated it  
Etcetera, etcetera, you know what I mean and shit  
I been layin' low lately, yeah I did some shows lately  
Can't lie, shit been movin' slower like a old lady  
But I ain't broke, baby, I just came to get my mind right  
Get back on my bully when the time right, get back in that limelight  
Had to feed the streets like I just walked out of ShopRite  
Fallin' back was not right, my apologies  
I was in a time of need, I needed some privacy  
I needed a prophecy, couldn't let my momma see  
Me at my lowest point but I guess that's just the pride in me  
Not to brag but I be doin' numbers like the lottery  
If we speakin' honesty then honestly, who is hot as me?  
Logically, I'm still tryin' to see  
I never get too comfortable  
'Cause when you lit, that's the only time they gon' fuck with you  
When that bag come, that's when they come to you  
Trust me, this ain't nothin' new  
This is how the game is, you just gotta play it right  
Remember, there's somebody out workin' while you late at night
