Yes, I'm gettin' bitches, never trickin'
Yes, I'm rich but penny pinchin', Henny sippin'
In the cut like stitches, damn, but still I'm mentioned
I could never save a hoe, that's prolly why I've been a villain
Can't fuck with these fake niggas, that's prolly why I've been the realest,
ey
I be all around the world and still be in the trenches
I be all around your girl and still ain't catch no feelings
Ooouuu, drop the top on 'em
Stretch the ceilin' (Big foreign)
My bank account, I can flex the millions (Big Ms)
Call it flex appealin'

Prada drip, hide your bitch
Hello baby, got your bitch

Fuck around and blind the bitch
Damn, why I went and spent a hundred bands on this jewelry?
And why every time I hit the club, I gotta make a movie?
Yak got me feelin' woozy, Draco same size as Lil' Uzi
So don't ever think that shit amusin'
Told her don't fall in love with me baby, I'm so confusin'
Plus I got mood swings, I only love two things
That's my money and my Momma
I'm a boss, Don Dada
Got them chops with the sticks, closet look like Benihana
Got another hater hatin' on me
Told the pussy nigga, "Line up"
I could build a mountain with my money
Now watch me climb up

I go brazy
I go brazy

I go brazy
I go brazy

I go brazy
