

Kold World

Young M.A

Niggas die every day B
This world cold like the AC
Naw life don't give a fuck
Cause life do what the fuck it want
And this is just a cold world
So fuck it, I'm a cold girl
And I don't give a fuck
Cause I'ma do what the fuck I want

My brother died for that red flag
That nigga killed him for a fucking title
Pussy nigga, hope you burn in hell
And I put that on the fucking bible
I live like a savage, I'm a bastard
Cold hearted, not your average
Seen my brother in that casket
Changed my life for the worse
When they put him in that hearse
When they dropped him in that dirt
I was hurtin'
But now I'm running 'round, actin' up
Tell them boys we'll clap 'em up
That double barrel, that'll back 'em up
Them niggas ain't no killers, they just acting tough

Niggas die every day B
This world cold like the AC
Naw life don't give a fuck
Cause life do what the fuck it want
And this is just a cold world
So fuck it, I'm a cold girl
And I don't give a fuck
Cause I'ma do what the fuck I want

No I'm not a pussy bitch
I'm a pretty bitch, I be on that gritty shit
Girl want me, told her gimme kiss
Her pussy pink, she got some pretty lips
These niggas hate but I don't give a fuck
Cause M.A do what the fuck she want
I'm so crazy bitch, my mind be on some other shit
So tell these pussy niggas I am no one to be fucking with
They don't know what I'm going through
How dare you people try to judge me
Fuck around and I'ma set it off
Cock it back, light it off
I'ma turn it fucking ugly

Niggas die every day B
This world cold like the AC
Naw life don't give a fuck
Cause life do what the fuck it want
And this is just a cold world
So fuck it, I'm a cold girl
And I don't give a fuck
Cause I'ma do what the fuck I want

This is me, this is fucking me
This is who I wanna be
This is who I'm gonna be
I miss my brother man, blood in peace
He ain't even make it to see 23
This world colder than December
But the hood hotter than July
So I run around with all these killers
Some niggas that'll ride until they die

Niggas die every day B
This world cold like the AC
Naw life don't give a fuck
Cause life do what the fuck it want
And this is just a cold world
So fuck it, I'm a cold girl
And I don't give a fuck
Cause I'ma do what the fuck I want
