Young M.A

Uh, I'm off the yak it's on
That pussy calling
Shh, no talking girl just take it off
I know you anxious, I'm impatient, don't wanna wait at all
I know you a freak, mmm hmm don't try to play it off

Ay, come take a ride on the other side
And with this tongue, I'll make you cum unlike them other guys
Know how to treat it when I eat it, look in my fuckin' eyes
Teach you a lesson, we ain't just sexing I will fuck your mind
I know the pussy real well, girl I could fuck you blind
She said "I love you," I said, "heard you and I love the la"
I'm off this yak, it got me feeling like nah nah nah nah
When she ride my face I call her my little ride or die

Nasty
Girl, I love the way you looking when you ride it
Every time I got that pussy I was all in
And I love the way you fuck me
Wilding

It's just me, you, Hennessy, that's how I like it
And you could bring your homegirls 'cause they invited
She grabbing on my dick, now I'm excited
Ooh girl, I love it when you ride me
Shorty was a virgin, now she nasty

Told her bust it open, got her pussy soaking
Put my tongue in it, I can taste your ocean
Pills and potion, I just wanna fuck with no emotion
And she toxic, hood bitch, but she exotic

Always keep her fresh
But I got her spoiled rotten
Soon as she start frontin'
I just go and get behind it like
Like back it up and throw it back (Throw it back)
And baby let me get that neck
Like a shoulder pad

For her I blow a bag
I know my other hoes is mad
Bought her a new Birkin bag
Told her baby go & brag
And I'm paying all the bills
We ain't never going half
Keep that pussy loyal to me
And I will treat you like you royalty
