Young M.A

I didn't get no sleep, let's get it

Double cup, I'm sippin up  
Middle finger up cause I don't give a fuck  
I don't trust these niggas, keep a glizzy tucked  
C cup on my bitch, she like her titties sucked  
I pull up when that block call  
Catch a opp snoozin, turn his clock off  
When I fuck a thot I keep my socks on  
Fuck her with my watch on, that's when I got time for her  
She said I smell good, oh that's Tom Ford  
Never trust trust a thot, I keep my eye on her  
Make her turn her phone off  
Hey bitch, no text, no calls  
Cause that same bitch'll be quick to put a drop on ya

You could never ever catch me slippin  
I get paid & pay attention  
Cause these hoes they be wicked, and these bros they be switchin man  
They be switchin sides  
I'm from where commitment is commitin crimes  
I'm from where the love is just a livin lie  
She a ten yeah, but I just want the head like I just flipped a dime

I'm going in savage mode  
I don't trust a soul so when I die I keep my casket closed  
I'm going in savage mode  
Treat the beef just like a stripper bitch, I'm quick to grab the pole  
I'm going in savage mode  
Broke up with that bitch and then I went and got a badder hoe  
And I still don't give a fuck, I never did

All my haters want me dead, that's why I live it up  
Put a price right on his head don't start no shit with us  
It's a table full of bread, no you can't sit with us  
Cause you ain't been with us, you ain't no day one  
I'm with them Cs, I'm with them Bs, my niggas A-1  
A lot of niggas changed up but I'm still the same one  
I went and got my change up cause I'm a made one  
And I'm rich now, money legit now  
I hold my niggas up, I hold my bitch down  
I bust my wrist down, credit is fixed now  
Money we flip now, and I stayed ten down  
And bitch I'm still down, cause bitch I've been down  
Fuck what they felt then, fuck what they feel now

I'm going in savage mode  
I don't trust a soul so when I die I keep my casket closed  
I'm goin savage mode  
I just went and did it, I never even had a goal  
I'm going in savage mode  
Cook before I eat, I want the pot, man, you can have the bowl  
Cause I'd rather starve then be fed by a nigga  
Man, that's when you let em have control  
Cause I'm a go hard anyway or any day  
Man I'm trapper, I'm in trappin mode  
Now I got millions in the bank now, I'm straight

I ain't never goin back to broke  
And I got them shooters with me with a movie clip  
You can say that we in active mode
