

## Self M.Ade

Young M.A

I just want the Audi R8 with the matte black paint on it  
Hoping that them niggas don't hate on it  
New York plates on it with my own name on it  
Young M.A on it, just wait on it

They say that I manipulate the youth  
Nah, don't get it wrong, I speak the truth  
This is deeper than the roots, look around you see the proof  
No excuse, but what you see is nothing new  
They saying that I'm rich but I ain't rich yet  
I ain't count a hundred M's yet  
I ain't buy the Beamer and the Benz yet  
And I ain't fuck all of her friends yet  
My mama said I ain't about a dollar  
'Cause a dollar just a dollar, only God can make you prosper  
And baby when you do it do it proper  
And if they ain't tryna hear, you better holler  
And only wife a chick if she a scholar  
If she down then she a rider  
She been with you from the bottom, 'cause  
Nowadays it's been kind of hard to find 'em 'cause  
Every bitch a prima donna, a hundred on the highway  
Riding in the Hyundai  
Glock on the side 'cause they  
Lookin' at me sideways  
Gotta make a quick move, grindin' 'cause the rent due  
I hear them guys talkin' 'bout me, homie that's a bitch move  
That is what a bitch do, I'm guessing you a bitch too  
Finding Nemo with the chopper  
Feed them niggas fish food  
Loyal to my last breath, ridin' 'til the wheels fall  
But I'ma still ride man, even when the wheels off  
I know who really fuck with me  
I know who only want from me  
You ain't gotta tell me that  
I know the difference luckily  
That's why I keep my eyes wide  
That's why I keep a side-eye  
And I keep a long nose  
Ready for you wise guys

I just want the Audi R8 with the matte black paint on it  
Hoping that them niggas don't hate on it  
New York plates on it with my own name on it  
Young M.A on it, just wait on it

Rich and famous  
But I just want the money, I don't want that fame shit  
Hanging with them guys that's armed and dangerous  
Cut some niggas off, had to make some changes  
'Cause they was on that same, they was on that same shit  
I just gotta go and get it, I don't have no patience  
I'm that get this money, stay in my lane shit  
That's upgrade, self-paid, self-made shit, M.A

Uhh, I wanna sip white Henny in the white Bentley  
I wanna sip moonshine by the poolside

I wanna count hundos in the condos  
Pull a blunt two times then I woosah pool side  
Eating lobsters and steak by the lake  
I wanna have a feast by the beach  
Looking at the waves, looking at the waves  
I wanna feel the sand on my feet  
I just wanna eat, I just wanna eat, I don't wanna sleep  
I just wanna grind, I just wanna keep, making money  
I don't wanna beef, no I ain't pussy, no I ain't sweet  
But if the pussy sweet I'ma eat (Ooouuu)
