

# Smooove Kriminal

Young M.A

Smooth ass nigga, right

I'm a smooth criminal  
And when you say my name  
Use two syllables  
I'm finna get some money  
What are you finna do?  
My drip's so sick  
I need a new physical

I don't even want it if she too typical  
The woman of my dreams would be a true miracle  
Don't got time for loving cuz it's too difficult  
I could tell you about my past but its too critical  
Don't like a lot of people, they be too miserable  
Drama, drama, drama, it's just too pitiful  
This industry is fake, it's just too fictional  
I could school your favorite rappers, I'm your new principal

I'm a smooth criminal  
I'm a sexy-ass, cocky individual  
And I'm stubborn, grudge-holdin', unforgiveable  
I'm forever in your heart, unforgettable  
I drink champagne for breakfast when I feel the pressure  
I kick women out my house when they being extra  
I always learn the hard way, when I learn a lesson  
Even when I'm wrong, I'm right, don't need no correction

Smooth with it, and I'm cool with it  
And you won't know I move with it when I move with it  
New AP, I just put a pool in it  
With the white-face, like I put a moon in it  
Porsche Porsche, wit a horse, vroom-vroomin' it  
When the cops woop-woop, zoom-zoom in it  
Never snitchin', you will never hear, "you did it"  
Tell a pig, "Uh, we don't know who did it"  
I had a lot of bad days, needed better days  
Why the hate never leave, love never stays?  
I'm in the bank, and my bag on in my ways  
I'm in my bed and my business all my lane  
I stay away from it  
I went and got my groceries and I made somethin'  
And if I had to change something, I wouldn't change nothin'  
And if they try to take something I'ma spray something  
And I'ma lay something

'Cause I'm a smooth criminal  
I'm a sexy-ass, cocky individual  
And I'm stubborn, grudge-holdin', unforgiveable  
I'm forever in your heart, unforgettable  
I drink champagne for breakfast when I feel the pressure  
I kick women out my house when they being extra  
I always learn the hard way, when I learn a lesson  
Even when I'm wrong, I'm right, don't need no correction

Moon walkin' on the haters  
Moon walkin' on the haters

Moon walkin' to the paper  
I'm moon waling on the haters

I'm a smooth criminal  
I'm a sexy-ass, cocky individual  
And I'm stubborn, grudge-holdin, unforgiveable  
I'm forever in your heart, unforgettable  
I drink champagne for breakfast when I feel the pressure  
I kick women out my house when they being extra  
I always learn the hard way, when I learn a lesson  
Even when I'm wrong, I'm right, don't need no correction
