

It's the lingo man, shout out to my city
They say we be wahlinn'
That's how we say it, we be wahlinn'
We be wahlinn'
Ayy, ayy, ayy

They say we be wahlinn'
Louie V down and stylin'
And my pockets sixty thousand
I don't see nobody 'cause the money pilin'
I turn a stack into a mountain
I live in a mountain
I turn my wrist into a thousand
Ooh, they say we be wahlinn'
They say we be wahlinn'

Uh, I fell in love with my stylist
I call little passion for fashion
Uh, brand new Louie V out the plastic
I'm talkin' shit that straight from Paris
Water on my wrist, bitch you lookin' at the Atlas
I'm a Queen, keep the chopper in the palace
Girl, you fuckin' with the one
And we be wahlinn' out
I just a bag and went to count it all
I remember back when I was down and out
Now my wrist on drip, I have to drown it out
Ooh, it's my name, sound it out
What's my name? Bitch, sound it out
Even when I lose, I don't lose
Uh, I don't take no breaks, I break the rules

They say we be wahlinn'
Gucci to the socks, bitch I'm stylin'
Keep like sixty in my trousers
I don't see nobody 'cause the money pilin'
I turn a brick into a mountain
I could move a mountain
I turn my drip into a thousand
Ooh, they say we be wahlinn'
They say we be wahlinn'
Ooh, they say we be wahlinn', ooh

They say we be wahlinn'
Ooh, I come from the trap, I can't lose
When I trust them, place is like a holiday
Uh, always give my thanks when it's due
Move like thrity packs by twelve noon
Gun up on my lap I will shoot
If you play me, someone gotta die today
Gang gon' put his ass on the news
We wahlinn' out
Fuck nigga, we really wahlinn' out over here
Ooh, come over here, ooh

They say we be wahlinn'
Louie V down and stylin'

And my pockets sixty thousand
I don't see nobody 'cause the money pilin'
I turn a stack into a mountain
And I live in a mountain
I turn my wrist into a thousand
Ooh, they say we be wahlinn'
They say we be wahlinn'
Wah-wah-wah-wahlinn'

Wahlinn', we be wahlinn'
Wahlinn', ohh, wahlinn'
