

# Do You Feel Like I Do

Young MC

Do you feel like I do?  
Do you feel like I do?  
Do you feel like I do?  
Do you feel like I do? (Do it!)

In the heat of the night  
When there is no light  
I just think of you and everythings alright  
You make me so hot that you leave me steamin'  
And I wake up to find I was only dreamin'  
I wonder, "Do you feel the same way?"  
Having dreams about the two of us some day  
With two-and-a-half kids and a white picket fence  
I love you baby till it don't make sense  
Now I know you've been hurt many times before  
And like me, you don't wanna get hurt no more  
But I'll do you right baby, simple and plain  
And it's alright once ya get past the pain  
Now if you like, I'll get down on one knee  
And tell you all the things that you mean to me  
Look in my eyes and you'll know it's true  
So let me ask you darlin': Do you feel like I do?

Do you feel (come on) like I do? (come on)  
Do you feel (like what honey) like I do? (Do you feel like I do?)  
Do you feel (come on) like I do? (come on)  
Do you feel (like what now) like I do?

Now I understand  
What you want in a man  
Is not just a brother who will hold your hand  
But someone who is gonna love you too  
And when you need it, be a best friend to you  
OK, that's a good place to start  
Cause a body ain't nothin' if you don't have heart  
And what I mean by that is that my heart comes first  
And if I only give you body it'll just get worse  
So come on. Take this chance with me  
Take my hand and do a little dance with me  
Don't be scared cause darlin' I'm here to protect you  
And no matter what I'll always respect you  
Girl, I'm giving you the best of me  
Because I think the two of us are like destiny  
I once felt old but now I feel brand new  
So let me ask you darlin': Do you feel like I do?

Do you feel (come on) like I do? (come on)  
Do you feel (like what honey) like I do? (Do you feel like I do?)  
Do you feel (come on) like I do? (come on)  
Do you feel (like what now) like I do? (Do it!)

Many women before  
Have walked through my door  
Asking for money and a trip on tour  
They got it goin' on. Yeah the girls are fine  
But they're diggin' for gold and I'm not the gold mine  
One lady stands out in particular

We hit a movie, or in Spanish a pelicula  
Well the movie was good. The people started clappin'  
But all she could talk about was money and my rappin'  
She said she wanted me for her man but I said "Ehn-eh!"  
Because you remind me of the girls spectin' my  
Talkin' bout a wedding when there ain't no ring  
Man, the two of us didn't even do the wild thing  
Now she don't know me from Adam, Eve or the apple  
But still she wanna talk about a wedding and a chapel?  
No! That's not the way I go out  
Because I need a girl to love me and there is no doubt  
That's why I ask "Do you feel like I do?"  
Because the future Mrs. Young is gonna be more like you  
A little bit sexy, a little bit sassy  
A body for lovin', and you still look classy  
And chill, never get jealous or mad  
Cause deep down you know I want you oh so bad  
I'll be your fantasy, your dream come true  
So just tell me darlin': Do you feel like I do?

Do you feel (come on) like I do? (come on)  
Do you feel (like what honey) like I do? (Do you feel like I do?)  
Do you feel (come on) like I do? (come on)  
Do you feel (like what now) like I do? (Do it!)

Do you feel (come on) like I do? (come on)  
Do you feel (like what honey) like I do? (Do you feel like I do?)  
Do you feel (come on) like I do? (come on)  
Do you feel like I do?

Beautiful  
Was that good?
