

## Cloud Nine

Young Rising Sons

You can fill my cup with sugar  
You can put my brain on ice  
I could stay like this forever 'cause  
I'm in love with the way that you lie  
And I can put a lease on sunshine  
Even if the sun don't rise  
Yeah I could pretend forever  
Just from looking at you in the eye

I'm on cloud nine with my head in the sky  
Over the moon with the sun in my eyes  
And I feel so alive in my own paradise  
When I'm up  
Up on cloud nine

We could fall from a mountain  
We can get ourselves too high  
Yeah we could stay like this forever  
And fall outta touch, outta truth outta time

I'm on cloud nine with my head in the sky  
Over the moon with the sun in my eyes  
And I feel so alive in my own paradise  
When I'm up  
Up on cloud nine

Oh and I'm never coming down  
Yeah I like it better up off the ground

I'm on cloud nine with my head in the sky  
Over the moon with the sun in my eyes  
And I feel so alive in my own paradise  
When I'm up  
Up on cloud nine
