

Making out in a parked car
All my wheels start to burn out
Twirling anxiously
Cue the romantic tragedy
Don't want to seem overeager
Like the holes in your t-shirt
I'm unraveling
You make a mess right out of me

And I'm a scatterbrain
All these little pills ain't gonna stop me when I get the shake
s
I'm a scatterbrain

CBD on your fingers
Sanitize but the smell always lingers
Drown me in mystique
But darling we already peaked
Catch your words as they fall out
You don't mean them, you just love the way that they sound
It's so tongue and cheek
You make a mess right of me

And I'm a scatterbrain
All these little pills ain't gonna stop me when I get the shake
s
I'm a scatterbrain
Yeah I'm a scatterbrain
All these little voices in my head are getting in the way
I'm a scatterbrain

I'm not alright (I'm not alright)
I'm not okay (I'm not okay)
I'm not well (I'm not well)
Cause I'm a scatterbrain

And I'm a scatterbrain
All these little pills ain't gonna stop me when I get the shake
s
I'm a scatterbrain
I'm a scatterbrain
All these little voices in my head are getting in the way
I'm a scatterbrain
