

Can't Get Enough

Young Scooter

[VL Deck:]

Grinding, I can't get enough
I'm in the trap, I can't get enough
Serving, I can't get enough
Rocking shows, I can't get enough
I'm 'bout my issue, I can't get enough
I'm paper chasing, I can't get enough
Going to court, I can't get enough
I'm in the spot, I can't get enough

Bitch I'm mister fall out king
Now back a thousand times, n'aw mean?
Life over a triple beam
When you park it, it ain't what it seems
Count up a hundred, dope feel like a dream
I'm in the kitchen doing my fucking thing
Jet lag, shit from time zoning
Link up with [?] when I'm town touring
Spot talk with the best on
Surround myself with bosses like a fucking don
Net [?] on the socket homie

[Young Scooter:]

Real dope boy, jugg king
I walk around with 350 thousand dollar chains
Movin' bricks and bales way before this rap fame
I'm keep this shit 100, I can't switch lanes
I'm a boss and I can't get enough
Jugg, jugg, run your hands up
Jugg house with no cameras
It ain't shit off in these streets that I can't handle
My young niggas, they watch everything
Try to run off in my spot and it's a murder scene
Section 8 housing, low it down with pounds of weed
Ain't no clean around here, remix king
