Drug dealing's all a nigga's ever known
Convicted felon's all my record's ever shown
A hundred bricks of raw, nigga, I done seen it all
Got the same shit the rappers got I'm always balling
Two hundred extra grams, I whipped it out the water
Real diamonds on my wrists, look like clear water
I just left Florida, out of Florida-Georgia
I get you anything you want, I put that on my daughter
I place any order, just like California
Prices so cheap, niggas think I'm growing it
I bought a whole street, just to say I own it
With no deal I get ten stacks for a show, nigga

Guap say he got a jug up in Knoxville
I put the streets first before this fucking rap
You know I'm still jugging out that dirty trap
I wrap up anything in Saran wrap
That label ain't got no mil, they better fall back
Them remixed bails, I got all that
A house full of square, y'all never saw that
That's why I'm in the streets and I don't need no deal
Still walk around the hood but I got plug deals
That's how I built my lane off of drug deals
