Bring them bricks to yo city, nigga you know what it is

My son 6 years old, already like to gamble
Every day I'm in the streets, nigga taking chances
Them all white bricks, run up whole clear view

[Hook:]

I told my plug fuck it, I'm a keep it goin
They say the road hot, I'm still road runnin

[Verse 2:]

60 grand, fuck break up boy
Half a million I'll take a charge
Drug dealer for no movie, ah we'll go to jail before we start
Love strong around the blow, make you catch a contact
That's why nigga live in Mexico, we'll bag ya out ya country
Bust yo head and hit the road
Throwin bands on the interstate
Give me coke, I make it grow, roll it off the interstate
Talkin my daddy fuck it, I need mo food on the diner plate
My brother up the road, he got no zooish, you know that's off the gate
First I got my money up
Then bulletproof my Hummer truck
Get around and switched the license places, shooters come light you up
I started from a four and a half pound brick
Hold it with that cocaine, roadrunner in that dope game

[Hook:]

They say the road hot, I'm still road runnin

I told my plug fuck it, I'm a keep it goin
They say the road hot, I'm still road runnin
I told my plug fuck it, I'm a keep it goin

[Bridge:]

You tripped and left yo money on the highway
I gotta thank God for making spress way
Caught a ticket, put it on the road every day
