Alright

Young Summer

I'm standing my ground
And you didn't notice
I'm biting my tongue
And I'm losing focus

I get the feeling you don't wanna leave yet
I can see it in your eyes
Yeah, you can feel it

It's been burning for a long time
It's blood orange in the night sky
Say it's alright
Is it alright? Is it alright?

It's only wrong if I never tell you
Don't wanna be the one
You just run through, run through

I get the feeling you don't wanna leave yet
I can see it in your eyes
Yeah, you can feel it

It's been burning for a long time
It's blood orange in the night sky
Say it's alright
Is it alright? Is it alright?
Say it's alright, say it's alright
Say it's alright, say it's alright

Why am I fighting?
Why am I fighting? Falling
Is it already, is it already
Your everything?

Been burning for a long time
It's blood orange in the night sky
Say it's alright
Say it's alright, say it's alright
Say it's alright, say it's alright

Am I allowed to love you? Am I allowed to love you?
Am I allowed to love you? Am I allowed to love you?
Am I allowed to love you?Am I allowed to love you?
