

# Burning Down Paradise

Young Summer

Little monster  
You could find sunshine  
If you just lift your head  
Little monster  
Dancing in the blue light  
Smiling without regret

Two sides wild eyes  
The devil that you know  
Lucid nightmare  
Wave as you let go

If what you think is right  
Then why is everything on fire?  
Everyone's hypnotized  
You're burning down paradise

Mr. Sunshine  
Staring through the window  
Tell me that it's ok  
Mr. Sunshine  
We could have a good time  
If you'd just save the day

Two sides wild eyes  
The devil that you know  
Lucid nightmare  
Wave as you let go

If what you think is right  
Then why is everything on fire?  
Everyone's hypnotized  
You're burning down paradise

If what you think is right  
Then why is everything on fire?  
Don't you dare close your eyes  
You're burning down paradise
