

# Bully Beef

Young T & Bugsey

(Dre Skull)

When it's time for the dancing it's time for the dancing  
Don't be time for relaxing  
Make a move, why you acting?  
Know you digging me by the way you standing  
Don't be shy I don't bite  
Know the VVS bright  
Thumbing through cash what a fabulous life  
Could've been worse, ended up alright  
Yea, tin bully beef, used to have it with rice

Shorty want a baller, shot caller  
Big Dottie range cost top dollar  
What's your order? Broskie might sort you  
We in V.I.P., bruk it bruk it, yah yah  
A.P not a G-Shock, niggas G'd up  
With a lil' mamacita she wanna eat up  
I'm a teaser, pinkie in the freezer  
It's a horse on the Porsche my nigga, yee-haw  
Sprite with the Hennessy, little bit of Cali green  
That was all for a second for all the agony  
She was bugging and bugging she tryna swallow me (Ye Ye)  
Takes a push of a button because it's A.M.G.  
The addy she sending at me  
She flinging at me  
We sipping the Geese  
I push a two C  
Rollie golden, she wanna be chosen  
Fendi loafers, I give you a motive

When it's time for the dancing it's time for the dancing  
Don't be time for relaxing  
Make a move, why you acting?  
Know you digging me by the way you standing  
Don't be shy I don't bite  
Know the VVS bright  
Thumbing through cash what a fabulous life  
Could've been worse, ended up alright  
Tin bully beef, used to have it with rice

When the nice tings are dancing  
I'm cooling in the ice, glancing  
I like white girls and dark-skin  
If I got a type that I like, if you're asking  
I don't like the type to be talking  
I like a quiet girl, shh  
She singing in the room, choir girl  
Treat dreams like fiends, I buy and sell  
Every girl got a dream for me, they're my clientele  
I'm tryna find a girl  
Once my guys get strapping, I'm just cool and relaxing  
Dripping hard find me a napkin  
Got all these watches with no time for a landing

When it's time for the dancing it's time for the dancing  
Don't be time for relaxing

Make a move, why you acting?  
Know you digging me by the way you standing  
Don't be shy I don't bite  
Know the VVS bright  
Thumbing through cash what a fabulous life  
Could've been worse, ended up alright  
Tin bully beef, used to have it with rice
