Nice

Young T & Bugsey

I need a island girl
Buy ya ice and pearls
Are we lit? Yes, sir!
I'ma show her the world
I want a African babe
With Italian taste
Put her in those shades
She gon' love my world
Mmm
I got a Persian spice
That's habibi vibes
And a big G5
I could join her world
Oh
I make that money streamline
Now she wanna be mine
Wanna rock my world

Yeah
Aye
What you tellin' me, little shorday?
What you dealin', girl, with your hardest
How you like your breakfast in the morning?
And do you like kickin' off with some foreplay?
When she with me, I can't tell you where the day went
We was roamin' in Paris and got the cake spent
We on some his 'n' hers Gucci fragrance
When you live this good, ain't no complainin'
I'm ready to give you all of this
Hit me up, tell me co-ordinates
Them other niggas subordinate
I poured it up, can afford the Ritz
Drop-top Range in the summer, I'm callin' it
Drop stop twirl, now she givin' me all of it
I was waitin' for steady release
She said I'm a real nigga, adorin' me
Giving you more than me

I need a island girl
Buy ya ice and pearls
Are we lit? Yes, sir!
I'ma show her the world
I want a African babe

All di gyal, they wan get next to me
If you wanna join the team of gorgeous things
Then can I get a "yes" on three
I just blew a cheque on me, ayy
I can spend the rest on dreams, yeah
I like options
Off-white, peanut-butter, chocolate
Yeah, my neck's frostbite, VVS rock in
Girl, you better talk nice if you wanna hop in, oh
And if you don't know, girl, I wanna take your soul
You ain't even ready, though
I move solo
You give me relation goals
If you ready, let me know, oh

I'm pullin' up on you, baby, baby
I'm makin' a move, I'm bein' audacious
Lemme take you off your day-shift, yeah
In the coupe, you got a space-suit, yeah
I'm pullin' up on you, baby, baby
