

Around My Way

Young Thug

Big old titties my favorite
Put a big B on your head like you a raven
Never ever get you too tired, we're not lakers
And you know a young nigga more streeter than a pavement
Bitches just me in pussy, bitches just want have my children
Bitches know I'm just not with it, I'm gon watch her while she
dishing
You know I'm not with the girl scouts, but I'm just smoking on
cookies
Tripping cause you brought your girl out, imma touch her while
you ain't looking
She like Mitsubishi, with the motherfucking secrets
Fuck her every weekend, Tell me baby mommy, 20k golden onyx
She want some my money, so you know I'm pulling the tommy

Woah there, just stare
Can't move, wheelchair
Woah yeah, got pocket full of them faces
Rolling just like I roll it for Leoli
You know you gon get it round my way
Gon fuck around, you gon fuck around, you gon get it round my w
ay, ay, ay
Gon fuck around, you gon fuck around, you gon get it round my w
ay

You ain't never took those trips in back and forth
Up and down the interstate, tryna get it
Surrounded by young rich niggas, call us gorillas
Untouchable, we walk right in the club with them pistols
Turn a mug into a mushroom, decay, get another sprite
Run up on em close range, that bezel nother life
These niggas don't want no problems, we solve em with 15 carbon
s
They gon think it's a madness the way we marching
And we keep it on us, ain't no way you robbing
Any questions come my way, man we got to solve em
Keep one in the head, so ain't no cocking
P R O B L E M, they don't want no problems
