Ok babe come here, come pick up slack for me  
Lose your attitude, you might get a slap from me  
No gravity, I dress casually  
She said she bored so I let her sip this Act with me  
And now she acting, butt attractive, and Imma smash her  
Then Imma kick her out of this castle  
And let my lil niggas smash and grab her  
Cause she's a naughty nothing, they come a dime a dozen  
I think her old man mad like a Big chest [?], back the fuck up off me  
Blowing on dank, got your bitch at the office  
Oops I meant the loft with a whole lot of bosses  
I run around with paper, call my money equator

I like what you're doing  
Don't stop it baby, keep it popping baby  
Don't, don't, don't  
I like what you're doing  
Don't stop it baby, I watch it baby  
Cause I love it  
I like what you're doing, I said I like what you're doing  
I said I like what you're doing, I like what you're doing
