Young Thug

Thugger  
Alex engineering right now  
(Wheezy Beats)  
Uh, yeah, yeah  
Hey, hey, whoa

I can't get beside myself  
Remain the person that I am, I can't disguise myself  
If that lil' baby can cook, I might just try my chef  
I swear to God they rape me I will buy myself  
No 80's, I cook babies for my goddamn health  
I give my love to you and my son named Jeff  
I flood you with them jewels, yeah, that water like Phelps  
I wish you never knew nothing 'bout myself  
'Cause you know I got that tool right beside my belt  
Bitch, I'm looking at you, I can't hide myself  
You know I got them racks stacked up like a shelf  
I promise I won't stop until I find myself  
I got way to the top and yes, I climbed myself  
That fuck nigga think he cool, I'ma iron him myself  
I did a song with Dej Loaf and I tried her myself  
And if she ever say yes, I'ma dive in myself (Whish)

If I walk in on it, I'm stoppin' in the back  
I just bought a mink rabbit, not jack, not a rat  
I got rings, yes, 6, no Pat  
Starin' at my jewelry end up blind like a bat  
Like her pants halfway down, I got muhfuckin' crack  
Hey, I got muhfuckin' crack  
I might ride with my Crips, they say muhfuckin' clack  
Lookin' over my shoulder at all these ants like where they at?  
Bleed, bleed, bleed  
I'm a player, I got tricks up my muhfuckin sleeve (Whoa)  
Today I am with Jay-Z like B  
I'll make it storm if one dollar land on me  
I'ma boss, I nutted on her forehead (Boss)  
If she ever stop, I need some more head (Boss)  
I be ridin' fast, gettin' that slow head  
Cut down her woods, I got that mow head

I can't get beside myself  
Remain the person that I am, I can't disguise myself  
If that lil' baby can cook, I might just try my chef  
I swear to God they rape me I will buy myself  
No 80's, I cook babies for my goddamn health
