Where my lean at, I need potion  
I ride the beat, I never roll it  
I never gave them swag, they stole it  
I transform like I'm in Otis  
Let's play a game, bankrolls on us  
Fresh kids, there are never same clothes on us  
We the slimes, big snakes, can't poison us  
Hundos in my pockets and they ain't old as us  
Pussy niggas get buried today  
All my ex bitches might get embarrassed today  
I'm high as all flight attendants today  
Milk carton your bitch is missing today

And this nigga talking about that  
And I don't know who to believe  
To be honest I don't care  
Just keep that lying shit over there  
I don't want that germ on my team  
One bitch sucking on my dick  
Another bitch eating her from the back

Tell me who wanna join the scene?

Boss up  
B-O-S-S nigga, boss up

I've never been in love oh my  
I need you to complete these ties
