

Got a Rarri with the engine in the back
Every neighbor know a nigga servin' crack
Chasing cheese, but I can not be a rat
Screamin' free Gucci Mane, no Mack
I just finished doin' some business with the hat back
I'm a take a nigga head like a snatch back
I'm a hit her with this wood, no mouse trap
Take a five hour rest, ball it cat nap

Treat her like a Bentley, take the top up off that bitch
I got hoes drinkin' syrup like a waffle on that dick
I made all my pockets grow like Pinocchio, lil bitch
Either way, money'll grow, just know I'm tryna get rich
Baby, I wanna cashout on you in it for my pride
Baby, I bought that Audi and I gave it to my mother
These niggas, they cowards, they won't even kill each other
Even though I got rhymes, I bust shit just like a bubble
Hey I ran up my racks and I'm killin em by the day
Treat her like she got tatted, she comin' with all that head
Not a big fan of acne, but she like it in her face
I'm in the West Coast bangin' like I'm in the A

Got a Rarri with the engine in the back
Every neighbor know a nigga servin' crack
Chasing cheese, but I can not be a rat
Screamin' free Gucci Mane, no Mack
I just finished doin' business with the hat back
I'm a take a nigga head like a snatch back
I'm a hit her with this wood, no mouse trap
Take a five hour rest, ball it cat nap

I just copped the coupe, it came with twin turbo
Diamonds 'round my neck, they singin' like they Kirko
Thugger got me swung, got drinkin' all this purple
And I got 'em billionaires in my circle
So you know I'm bangin' back up in the Rarri
I got old money like when I played Atari
Counted me a million on my DVD
Coca, cocaina, I got recipes
Really makin' juggs, I was servin'
Cash Money, nigga, I know Birdman
I just want the cheddar, I just want the pesos
Rich Gang, YSL, came up off that yayo

Got a Rarri with the engine in the back
Every neighbor know a nigga servin' crack
Chasing cheese, but I can not be a rat
Screamin' free Gucci Mane, no Mack
I just finished doin' business with the hat back
I'm a take a nigga head like a snatch back
I'm a hit her with this wood, no mouse trap
Take a five hour rest, ball it cat nap
