## YoungBoy Never Broke Again

I just need a blessing sick and tired of stressing  
Yeah I did a lot of shit yeah but I didn't learn my lesson  
I pray every night but sometimes I be second guessing  
Like should've never changed, should've never changed  
Ay I need me a blessing, no I can't fall helping every one of  
My dawgs is to see them make it out  
Ay I need me a blessing too much pain for me dawg errday I'm flashin' out st  
ackin' money just to ball

I just need a percocet I just need a pint of tech  
Dealing with all type of mess  
Face a blunt to ease the stress yeah  
Looked up damn I got a warrant having thoughts of jumping bun Can't afford n  
o fuckin' lawyer now a nigga on the run  
My family helpless no time to be selfish  
Too many tragedies almost left me breathless (almost killed a nigga)  
I want it to pay off spent like a hunnid on the necklace  
Do they want to see me shine cause how I'm living got me guessing  
Mind on some gangster shit reckless thoughts set him up throw a cross order  
it up take him off it's time for you to take a loss  
I just want to get this paper with my gang n shit  
And give them game and shit  
And never change or switch

I just need a blessing sick and tired of stressing

Got both sons I'm eighteen years old look at it as a blessing  
On this rode a long way from home  
Ain't slippin' keep that Wesson  
Told them hoes not to call my phone or don't text me  
The police tryna get me gone' I'm a baby and I'm fed up
