YoungBoy Never Broke Again

(OneHunnid on the beat)
(Goddamn, BJ made another one)

If I say how I feel, you should really listen
If you was all mine, I'd be all in

Came up outta that dirt pile, now I'm ballin'
And I don't need no church when I'm heaven-sent
Hope God put loyalty in all my friends
'Cause Lord knows I got they back to the end
Right now I'm recordin' with the mic' sittin' in my hand
I wish Three was on my left, where my styrofoam is
Got up out of Cypress, went to the Woodlands, got a safe room i
n my crib
Ain't no tellin' when I'ma have to use it, we all know how I li
ve
Keepin' my gun everywhere I go, we all know I'm still here
Question my girl but love her strong, we all know how that is
Prayin' for my daddy to come home, pray he get an appeal
Hope he come take me away, keep me from off of these pills
And come get me from off of this drank before my kidney say, "F
ail"
Tell my son it made me calm, I don't know what I'm doin'
Tell my girl these hoes can't make me cum, I only want her to d
o it
Ten lines straight, goin' on ten days, my body ain't got no flu
id
Please, oh, please don't die tryin', on the real
All alone, stalks and the shottas are unjudgemental
It ain't too far, right by the M up where they left my nigga
Won't be that long, yeah, it'll be a while
'Til my love life right again, killas on side again
Butterflies, paradise, them bullets left out the wind

If I say how I feel, you should really listen
If you was all mine, I'd be all in

If I took the clean route, bank accounts got cleaned out
We would still be at war, ridin' with the mobs, tryna wipe the
block down
.50 rounds at the bottom of that Glock, stealin' from mom's hou
se
Steady screamin', "Gang life," know my time comin' 'round

If I say how I feel, you should really listen
If you was all mine, I'd be all in
If I say how I feel, you should really listen
If you was all mine, I'd be all in
