

Callin

YoungBoy Never Broke Again

Yeah, callin', uh, yeah, ballin'
I heard these niggas out here stallin'
Want more hoes and the money, yeah
Came from the jungle, we the same, yeah

Woke up this morning, brushed my teeth, and I got dressed
Sit down and roll my doja 'cause I know I smoke the best
Thinking 'bout how I just told T I meant war about my set
Other words, willing to die, ain't tryna put some shit to rest
Plans like Andretti, me and my stepper bumpin' Spitta, nigga
Stackin' bank high, at the same time talkin' gettin' rid of niggas
Throwing gang signs down second, D dome split that nigga
Fuck that boy, my mama had me and I tell you we don't fear no niggas
Bitch, you get your issue
Roll up my issue, what's the issue?
Say he gangster, bitch, I get with you
Yell fuck a nigga, see no danger, we gon' spank him
I'm smoking blitz, Jedi with the stick, Northside ranger
Who the fuck is this?
Beat cases, still had money, now a nigga nameless
That's the smart way

Yeah, callin', uh, yeah, ballin' (The fuck is this callin' me, man?)
I heard these niggas out here stallin' (These niggas lyin')
More hoes, please send the money (Send the money)
I need that dough, where I come from ain't nothin' but guns, yeah

Doggy back, four-two flat
Black hat, no mask on
Tough talking, get blast on
Keep walking and smash on
Move fast when I see the profit
Blue rag in my back pocket (Crip)
Hundred grand every time I drop it
Can't fuck with a nigga, stop it
Every time I hit the block, I'm on a mission
Quick to serve a nigga on the spot who didn't listen
It's hot up in the kitchen, I'm burnin' down your house
You niggas talking slick, my gun up in your mouth
Big money, act funny
We comin', we gunnin'
Them bullets be hummin'
Keep ducking, keep runnin'
I'm a G, nigga, Doggy stay ballin'
I'm throwing up the C, nigga, and all these hoes callin'

Yeah, callin', uh, yeah, ballin' (The fuck is this callin' me, man?)
I heard these niggas out here stallin' (These niggas lyin')
More hoes, please send the money (Send the money)
I need that dough, where I come from ain't nothin' but guns, yeah
