

Can't Go Like That

YoungBoy Never Broke Again

Yeah, hm, uh, uh, uh, uh, yeah, YoungBoy

I got no trust for these niggas or bitches, I put it all in my weapon (all in my weapon)

My life is a living hell, but I do believe it's a heaven (it's a heaven)

Gotta' stay true to yourself (to yourself), before you stay true to a nigga' (true to a nigga')

I run it up by myself, they under disguise, you slip they gon' get you

But no I can't go like that, no I can't go like that (not trusting these niggas)

No I can't go like that, you know I can't go like that (not trusting these bitches)

No I can't go like that, no I can't go like that (these niggas they [?])

No I can't go like that, shit no I can't go like that

We some young niggas straight out the slums (slums), got no trust but to jug and rob (and rob)

Come together whenever we come (we come), everyday get it straight out the mud (the mud)

Please don't [?] my nigga' the [?], play with my Blood and I wanna see blood

Supplying pressure, put that on my guts

Talked down on my name, they hatin' and I knew it (I know it)

I cut in my rope with the team, I can't see nothin' I'm so proud of my dreams

So sick of pretenders with niggas and bitches, I'm washing my hands and makin' sure that they clean

This rap shit is crazy, these niggas outdated

So get on the mic, [?]

Everything that I said on the mic I done did it, put that on my name and above is my witness

Look in yo eyes as you speak Imma' listen

She told lies knew I shouldn't of listened, but can't let that shit take my mind out the mission (nah)

Everyday wake up go post in them trenches, them niggas talk down in my name through the city

Last time I checked, I don't owe a nigga' shit

We had a meeting at 3 in the morning, come with that money [?]
