

# Can't Stop Won't Stop

YoungBoy Never Broke Again

I had to show I'm invested in what I do  
I'ma show you niggas how to make something  
Let a nigga try me, I'ma spray something  
Piping down on you bitch boys, won't take nothing  
Real killer, murk a nigga and won't say nothing  
All my niggas sliding, I ain't gotta play nothing  
Winning these bitches, it was given, I ain't make nothing  
Shit ain't giving me something, I'll take something  
This for the nigga on the block steady getting money  
This for the youngin sixteen with the stick on him  
All chrome 38 with a body on it  
Step on it, run up on me, I'ma up on 'em  
Everything that I claim, bitch I stand on it  
For my NBA chains, put them bands on it  
Do another show, a whole 'nother check on me  
Let 'em hate, I'ma steady just flex on 'em  
In the studio with Eli, bitch we getting to it  
Forever going in until I get up out the hood  
Forever going in until I know we all good  
Stand down, you ain't a boss, you ain't got no pull  
NBA YoungBoy, bitch I be the plug  
Whole lot of verses, I ain't even sell drugs  
But every nigga 'round me, yeah you know they sell drugs  
Every nigga 'round me, yeah you know they sell drugs

I ain't got nothing for the dude  
Stuntin' on everybody, whoever slept on me  
I can't stop, won't stop, nah  
'Cause I got so many people that's counting on me  
I'ma show you niggas how to make something  
Let a nigga try me, I'ma spray something  
I bet now one of you bitch boys won't take nothing  
I bet now one of you bitch boys won't take nothing

I ain't got nothing for the dude  
Stuntin' on everybody, whoever slept on me  
I can't stop, won't stop, nah  
'Cause I got so many people that's counting on me  
I'ma show you niggas how to make something  
Let a nigga try me, I'ma spray something  
I bet now one of you bitch boys won't take nothing  
I bet now one of you bitch boys won't take nothing

All spring, all summer I been working  
Tell me how the fuck can you say I don't deserve something  
First time in my life that I earned something  
I bet now one of you bitch niggas take it from me  
Every last one of us got a gun on us  
Every last one of us got them shots on us  
Let a nigga play and we gon' slide on 'em  
For that money could get hit, we gon' burn something  
We got Pep on stand by, ready to kill something  
[?] boom on that fifth, ready to drill something  
Then walk up broad day and face something  
Then walk up broad day and face something

I ain't got nothing for the dude

Stuntin' on everybody, whoever slept on me  
I can't stop, won't stop, nah  
'Cause I got so many people that's counting on me  
I'ma show you niggas how to make something  
Let a nigga try me, I'ma spray something  
I bet now one of you bitch boys won't take nothing  
I bet now one of you bitch boys won't take nothing

I ain't got nothing for the dude  
Stuntin' on everybody, whoever slept on me  
I can't stop, won't stop, nah  
'Cause I got so many people that's counting on me  
I'ma show you niggas how to make something  
Let a nigga try me, I'ma spray something  
I bet now one of you bitch boys won't take nothing
