YoungBoy Never Broke Again

Half a million in my bank now I got zero  
Nine thousand in my pocket to my name though  
Three hundred K just up in jewelry that I don't want no more  
I told my girl motherfuck her, I don't need no ho  
I sip on drink so my life could feel like it's movin' slow  
Feel like fuck life so on my son I just wanna go

And I've, I've been through it all for real  
They spoke on my name, two niggas I had to kill  
Motherfuck the fame, I really be thuggin' for real  
These niggas be looking, you know that I'm with it  
You know that I stay with the steel, hold up

C-Bo got straps with us  
My Audemar stainless steel  
Two condos I ain't never stayed at  
I don't know where I live  
Got me a check, fucked up my safe  
I ain't got nothing for real  
My sons got money but I ain't got money  
I went and hit that shit for real

No you don't love me nigga, you don't even never give me nothing  
Saw they was broke so you know I gave all my niggas something  
I bought my mama a mansion and told her she won't want for nothing  
I hope that you forgive me for them nights that I was thuggin'

And I've, I've been through it all for real  
They spoke on my name, two niggas I had to kill  
Motherfuck the fame, I really be thuggin' for real  
These niggas be looking, you know that I'm with it  
You know that I stay with the steel

And I, I ran up them commas for real  
I be with Tayko, we stay with that draco  
I be with them gunners for real  
I lost some real niggas to the game, money can't heal my pain  
I pop a pill, take a sip, I'm just hoping that will fix it  
Tunnel vision to the riches  
Main bitch bitching, she can't accept the way I'm living  
Fast pace lifestyle, time together we don't spend it  
She like come home it's urgent  
I get that paper and splurge it  
Aston Martin V12 engine, never had shit so I swerve it  
I want that action like movies  
If you want smoke with us then prove it  
I pour the tray of that Tech up  
Now I'm standing up while I'm snoozing  
Aqua water from the wrist up  
I told her come and take a swim with me  
Gang gang 'til the end of me  
Never Broke Again, BGE

No you don't love me nigga, you don't even never give me nothing  
Saw they was broke so you know I gave all my niggas something  
I bought my mama a mansion and told her she won't want for nothing  
I hope that you forgive me for them nights that I was thuggin'

And I've, I've been through it all for real  
They spoke on my name, two niggas I had to kill  
Motherfuck the fame, I really be thuggin' for real  
These niggas be looking, you know that I'm with it  
You know that I stay with the steel
