Had to tell her I'm a fan of her
Thug so hard that a nigga might damage her
Let her on the team, and you see she ran it up
Turnt up, bad, real flash, can't handle her
Do you love me?, "I do"
Started off slow, than you see, I sped it up
None of these niggas do not compare to us
Can't beat me, neither one ahead of us, yeah (Ah)
Cum on her face, know that I'm ready now that she been fed (Know that I'm ready)
I know that you bae, but know you'll never get none of my red (None of my dr
ank)
Imma do me, I be turnt up til' tomorrow ('Til tomorrow)
Got in the whip like Spiderman, Batman, DC Marvel

I need drugs now, baby
I need a long vacation
I need ten girls, and ten Porsche's in my home now, baby
I need guitars for to sing and play when I'm down
I need X's, Sex's, Xans just for to calm down
I got guns up, know he hit, I run down (Boom, boom)
She gon' whine it up, and I see she twirl down
Nigga, you pussy, can't find in us
One flaw, that's it, your time is up
Fell down, shook back, now I'm climbin' up
Strapped up, these niggas ain't linin' us

Had to tell her I'm a fan of her

We share marbles all together
That's my blooda, my gang member
King of the Jungle, like I'm Simba

I'm more realer than all these niggas
She more white then all my women
Emo richest fuckin' villain
Wear my face paint with my niggas
I don't drink coke just for my teeth
Just need coke, don't need no weed
Railing lil' shorty like Luigi

Hit her from the back, I'm just like "Wee"
Smokin' these cigarettes, I can't breathe
Tell me, where I buy new lungs?
Tell me, where I buy new heart?
Baby, cus' my love gone
Baby, why you callin' my phone?
When you know you got a nigga
Just wanna treat you like I'm gonna kill you
I'm a real rockstar nigga
Hate these rappers, so I pop stars
Pull out my blicky and drill 'em
Yeah, pull out my bat, and I send 'em
Pussy ass wack ass lizards
