

Decieved Emotions

YoungBoy Never Broke Again

(Aye, aye, aye, aye, aye that probably Tago)

Roses are red, violets are blue and you try
I'd never leave you, yeah-eh
Oh, yeah, oh yeah
I got some shit I won't let on, no
Don't fuck with my head
My momma never told me she loved it
How the fuck I expect someone else to?

It's a whole lotta stuff gon'
Bitch they talk like I don't know they know, yeah
Uh-huh huh
They say pain makes the world going' on

Tell me something that I don't know like you if your soul want me dead
Ignore the signs in my face I pray that God never left
And everybody that surround it watch me run up my check
And let me blow it at the same time they help me with it
She like, money coming I can find another, I know that's what your brain thought
As I sat in prison said fuck my niggas, noticed I can't blame ya'll
I blank him, I blank y'all, you speak on me I shame y'all
My flow, I spoke on everything, now what you think? Speak on your thoughts
We was rollin' deep, everything let your people see, plannin' on exposin' me
Let the dead see, I already done kept it G, bet that boy can't fuck wit' me
Say what I want, pull a rod from out the sea, everyone of them stuck with me
I ain't got no momma, say the devil holdin' me, go up you ain't down wit' me

Talkin' superstitious, that won't make me better
And if it's competition tell me what I'm here for
We all was born by ourselves, can't die together
I never make you feel how I feel
The world gon' live by itself, hold on

You won't even let me love you if you stay
It go on and on and on and on and on, yeah
Steady lettin' me fuck you, what can't you say?
It go on and on and on and on, I'm gone

'Fore y'all separate, y'all can talk it out
What she need for to leave? You should give it all
If she feel that nigga better then he better than that nigga raw
If you came up once you could never fall
If you love her, don't let her walk
If she push you away, open the gate, you gotta let her out

God made us outta dirt, she gave him fruit, he ain't deceive his self
And if you read the Bible you should know that love would never heal
Holdin' in all of the shit that I felt, if you ain't here with me, then I don't need myself
I ain't know I was this powerful, I saw it when my grandma left, yeah

Upgrade my doses with them meds
Dirty bitch I was unfresh
Without help, I came out best
Pulled my heart from out my chest

Kill that mouse, that book got red
Cross me in the wrong way
Blow yo shit out on the deck

It go on and on and on and on and on
And if you stay then you won't even let me love you, bae
It go on and on and on and on and on
Steady lettin' me fuck you, what is it you can't say?

'Fore y'all separate, y'all can talk it out
What she need for to leave? You should give it all
If she feel that nigga better then he better than that nigga raw
If you came up once you could never fall
If you love her, don't let her walk
If she push you away, open the gate, you gotta let her out

Touchdown nigga, yeah, aye
It be them same lil niggas that payed for a feature, you heard me
Aye I don't speak on nothin', you know that I'm all the way out there bitch
I been dumb, retarded, you heard me
38 baby, believe that

If you really is a fan you should be one of the girls, yeah
Go work a little by yourself, aye
I don't know half of you and just remember
They won't be long
