### YoungBoy Never Broke Again

Since a yungin' I been gettin' it on my own  
You gotta get it nigga, that's what I was told  
I ain't quittin' and I put that on my soul  
I'm dedicated, that's on everything I know  
I'm dedicated baby that's on all I know  
I'm hardbody and I promise I won't fold  
Like a pirate I'm just searchin' for some gold  
I'ma get it that's on everything I know

Shit movin' fast remember it was movin' slow  
As a yungin' I been jumped up off that porch  
Don't need no lecture you just need what you know  
Half of ticket in deposits the same day I came home  
Yungin' on the block with a pole, tryna get some dough  
Seen OG stop shid he ain't tryna go  
A couple of niggas tried him he ain't never let it go  
Revenge on them niggas, shid I can say bout four  
Man I feel like I been doin' this shit too long  
Since I was seven I been rappin' I steady tryna blow they done slept on me a  
nd criticised me, talkin' down  
Now for to see me bitch you gotta go pay for the show

Since a yungin' I been gettin' it on my own

I ain't never listen to the critics I put my mind to it now and I did it  
I don't do no drugs when I'm in your city I swear I'm high off the feeling  
Book me for a show when I walk in the building you know I turn up to the ceiling  
They think that I act like a star  
They think I'm stuck up I be chillin'  
Think the Lord that I'm far, it's so many people dead  
Down [?]  
They really think that I got million  
I ain't even make a killing, I know they wish they can kill me  
I know they wish they can kill me
