

FUN

YoungBoy Never Broke Again

Huh, woah
Slimeto

Let it burn, tobacco filling up my lungs, yeah (Yeah)
Double R, pushin' the side of the street, gotta widen all my tires when I spin (When I spin)
I'm takin' advantage, I'm dodgin' that xanax, I doubled that sack with my friends (My friends)
I'm gon' ball with that money, my turn (Turn)
With these girls, I just want to have fun

I'm like, all I want to do
That's all I really want

I'm in the back and I sit with the bro
I'm in the back and I'm throwin' up signs
Lay in the bed and I stare at my ceilin'
I'm wonderin' what I'ma go do with my life
She wan' get even, she feel like I tried
She want me hit it from off of the side
She want me weak and to let go my pride
I was thinkin' of, let that girl my child
Look at the watch, see it's ice and I'm fried
Burnin' the cig, I'm inhalin' the scent
All the girls gon' come, went and did it again
I feel like my scenery up, from Salt Lake out Utah, I'm gon' fly out my friends

To have fun, that's all I want to do
That's all I really want
Guys just want to have fun
I like when girls around
I like when girls around

Touchy, she touchy
I pulled up, Maison Margiela
I need to diamond my hand cuffs
I want some money and all the girls
Know someone up inside her lil ceilin'
She want to talk with the man first
If I love you I carry you, hands hurtin'
Number one, let it burn while tobacco just fill up my lungs
I come from the bottom, I slept with the bums
I ain't havin' no problems, It's time to have fun (Slatt)

Woo, woo, woo, woo, woo, woo, woo
Fun
Woo, woo, woo, woo
A girl just want to have fun (Hey, hey)
Woo, woo, woo
