## YoungBoy Never Broke Again

She said that money ain't worth nothin' if you can't treat me right  
I clearly see bitches ain't shit, they just won't see me cry  
Young nigga rollin', keep that Glock 'cause shit ain't safe out at night  
I say the money and betrayal got my mind hypnotized

Lies, that's what they told me  
I never asked for shit at night, only for you to hold me  
I did it out of love, baby, never said you owed me  
Now I don't wanna fuck with you, it's gonna kill me slowly  
Straight out that north, I made it out, don't mix me in the shit they say  
My feelings fallin', money callin', how we movin', shit ain't safe  
I'm rollin' through LA alone with a burner on my waist  
At night, I pray I make it home, them pussy boys know where I stay, might jump the gate  
But fuck that, I'm strapped up, ain't worried 'bout nothin'  
Somethin' must be in them nigga's head wrong if they thinkin', I ain't clutchin'  
Can't take cover when I start bustin'  
Leave 'em like one said they love me  
Patrol still wanna cuff me  
No love for one, say fuck me  
You supposed to be the one I run to, but you ain't 'round  
Never knew to succumb to, I don't know how  
I lost my love for that dream and I don't know if it could be found  
You always bringin' some shit up, never once tried to put you down

She said that money ain't worth nothin' if you can't treat me right  
I clearly see bitches ain't shit, they just won't see me cry  
Young nigga rollin', keep that Glock 'cause shit ain't safe out at night  
I say the money and betrayal got my mind hypnotized

One person I'm lovin'  
Nobody I'm trustin'  
Straight out of them trenches, I'm thuggin'  
To me you the world, but I never could tell you wasn't keepin' it real  
You was billing your budget  
You see me with bitches you think that I cherish  
You ask them a question, they can't tell you nothin'  
Bad news and it's comin' out ugly  
Truth be told, you was plottin' on somethin'  
Money mean nothin' when you really love someone  
How I be livin' take up time and we could have a one on one  
And fuckin' off ain't that important when you really for someone  
I'm scared to open up my heart, I always been so nonchalant  
I just wanna live with you, build with you, smoke with you, yeah  
I know you think the shit I say  
But you just wanna misuse me and lie, said that I ain't never cared  
You left yo' diary by the bed

She said that money ain't worth nothin' if you can't treat me right  
I clearly see bitches ain't shit, they just won't see me cry  
Young nigga rollin', keep that Glock 'cause shit ain't safe out at night  
I say the money and betrayal got my mind hypnotized

She said that money ain't worth nothin' if you can't treat me right
