

# I Don't Like It

YoungBoy Never Broke Again

(Leor, light it up)

You say I ain't your nigga  
I feel I'm somethin' deeper  
I'm a softly spoken creature  
And I know you wanna see my fly  
I'd die for you, you know  
Hope you don't switch up neither

Gotta stay protected, so I stay suited like Steve Harvey  
Turnt up then I took off on these niggas like I'm Lori and I  
Came from EBT, no award won from BET  
Try to keep my peace, but them niggas shot at me only for to say they got at  
me, oh-oh  
Why they blockin' me? I ain't have not a pot to pee  
Unless I stay with Three at my grandpa house, I can't stay with moms, 'cause  
we up in beef  
She ain't wanted me to stay up in her house 'cause I stay in trouble and be  
smokin' weed  
She couldn't do a thing when police roll me out  
Hope you happy now that I achieved  
Don't fold on me, I won't fold on you  
That we don't do  
I just want her to be my fan, she got a dude  
I don't know why you wanna be with me like I want you  
Try for to put my pride to the side and hope we make it through  
I got this shit up in order, woah  
They want a verse, I'ma charge 'em  
I buy her a new car, ain't buy her no starter  
You know that I pop out with diamonds a awful lot  
Her body brand new like I bought her from off the lot  
Shawty and I brand new, my brodie pop out a lot  
He jump out and pop it, he makin' your body rot  
I'm screamin' out, "Murder," like, welcome to JamRock

You say I ain't your nigga  
I feel I'm somethin' deeper  
I'm a softly spoken creature  
And I know you wanna see my fly  
I'd die for you, you know  
Hope you don't switch up neither  
If you say you love me, I got it  
Can't you quit that clubbing? 'Cause I don't like it  
I don't know why they be with all that typing, knowing they ain't like that  
I don't need no wife, most of these niggas even just like me  
Just as long as they don't try that

I feel that it's nothin' too high  
If you low, then I'm bringin' you high  
On your own, you got it right  
Congratulations, I'm proud  
You know I got some trust issues from all my past relations  
If you go down now, you know I'ma shoot  
I don't do no contemplatin' (No)

You say I ain't your nigga
