

# I Got This

## YoungBoy Never Broke Again

You recording?

Alright, keep it- keep it all that in there

I'm on a different level right now, I know they hear it in my voice, nigga  
(You know he DopeTrademark)

(D-Roc)

I don't know what I did to you

I just wanna see you happy, I hope you wanna see me too (Yeah)

Why these people talking down on a nigga like I ain't the one improved?

I don't like this industry, they choose me as the biggest fool

I don't pick and choose, I gotta kill him if he break the rules

What we been through, I cannot change, I thank God I grew

Loving the lights in the city

They make me feel bigger, they make me feel better

I been risking my life for to get it, I remain the hottest in the coldest we  
ather

As long as that we got each other, I don't give a fuck if all this leaves

Since a child, kept me emotions on my sleeve

They don't wanna see me live, I gotta breath

'Til the day that I get killed, I'm gon' achieve

Forever showing my kids a better me

Fuck with these hoes, but you the one I want, I need

Forever be my wife, they forever try to win me

But they forever lose 'cause I could never ever leave

I'm forever thanking Jason for being my friend in need

On top of the water like the Statue of Liberty

This ain't the state of favor, ain't the state of equal or the state of peac  
e

Screaming, "Blood", hold my flag up when I leave

Know I stood on business, probably chill, but I ain't never let them play wi  
th me

She know (She know)

And I know (I know)

I ain't never ever let them take my soul (Never)

I been going with the flow like any way it go (Any way)

And I know that I can leave any day (Yeah)

I'll be gone on my way (Yeah)

Screaming everything I stand for

I hope my kids don't carry on

You ain't gotta live this way, I stacked some money, now you on

Know I keep that chrome, brother call my phone, uh

I tell him leave it 'lone even though I want him gone, uh

But that's how I'm feeling at the moment and I hate feeling like I'm wrong

I don't want it getting the best of me, I don't like to even raise my tone

But I be singing on these beats like it's all I got

I be getting into it with my Jaz, hope she don't call me out

My daddy be getting into it with Tracy, but he going all out

'Cause I know for a fact he love her and he won't never walk out

Herm caught his girl cheating and took her back, motivation to me

I be keeping God inside my head while the devil holding my feet

Like, bitch, you cheat on me, you will never get forgiveness from me

'Cause I be knowing that I'm wrong and you know you who I need

Grandmother had it done as a child, but I say I need to be baptized again

For to wash away these sins

I don't wanna live this way, I don't never wanna ever have to murder again

But this the way that life is, this the life that I live  
I'll be thugging forever  
Forever thinking I'm smart, but knowing that I ain't too clever  
Forever holdin' my heart 'cause I'm caught up with the devil  
But know that I'm Jesus' brother and tribulations won't settle

She know (She know)  
And I know (I know)  
I ain't never ever let them take my soul (I ain't never)  
I been going with the flow like any way it go  
And I know that I can leave any day (I can leave)  
I'll be gone on my way (On my way)  
Screaming everything I stand for  
I hope my kids don't carry on  
You ain't gotta live this way, I stacked some money, now you on

Like, how you wanna do it? I don't want my brothers to do it  
So I go load up in that car, you know I'm ready to do it to 'em  
I'm too influenced  
Sad I show to the kids who in tune to it  
I hear that sound of that Glock and I start making music to it  
They don't love me, no, my daddy had to leave and do time  
But I know for a fact Montana holding on to his child  
I turned that man to a millionaire, but damn, I still can't never repay him  
for his time  
Remember times he would cry  
I done slept up on his couch  
Just wanna see him and my mama smile  
My sister get anything she want, I say it been a while  
We done came a long way from Tara High  
They done seen me wear the same clothes, I'm like, "Look at me now"  
Know Ben wanna grow, he wanna stop just 'cause his child  
If you don't never reach the height, know Tru and BB that I got  
I thank God for this growth, I come from nothin', they can have what I got  
I ain't tripping now as long as I can take care of mines and ours

She know (She know)  
And I know (I know)  
I ain't never ever let them take my soul (I ain't never)  
I been going with the flow like any way it go  
And I know that I can leave any day (Yeah)  
I'll be gone on my way  
Screaming everything I stand for  
I hope my kids don't carry on (Oh)  
You ain't gotta live this way, I stacked some money, now you on (Oh)

Uh  
You ain't gotta live this way  
I done stacked too much money, man  
You'll disappoint me if you get off into some shit like this  
I don't want- I don't wanna live this way no more, you know?  
Like, I got people, like, who just carry on with this shit because I, I got  
us into it  
It ain't cool at all  
You know, and you hearing this- you hearing this from me, personal, myself,  
you know?  
But I say, you know, God got us through anything  
So you stay prayed up, you know?  
And anywhere I'm at, should just, you know, believe that I'm prayed up  
That I been prayed up  
Since the day my mama taught me how to pray  
A person like me, they could never break  
A person like us, they gon' forever hate

But we got friends and we got goals that remove that trait  
That trait of life, you know?  
And I'm holding up longer than a bridge, that's my favorite saying  
But you know that you daddy's lil' girl, you daddy's son  
And you got, you got my daddy, both of 'em, Montana and Jeffrey for you to c  
all on  
You got my brothers Ben, Big B, KD, Herm, Baby Joe  
Even if I'm- if I'm forgetting the rest, you got all them to call on  
So please just know that you don't have to do none of this  
It's forever, 4L  
NBA 4KTrey  
You can stand on that, but please don't bang  
Gang
