## YoungBoy Never Broke Again

We party, we smoking, we breaking the rules  
We turnt up, won't turn down, like ain't nothing to do  
We rock out, we boot up, we litty like ohhh-ya  
Yeah, vibe out, we have fun, I'm up in my mood  
On my level, I'm so high, I'm way on the moon  
Outside to my ride, me and you can move, yeah

I ain't never been to a party like this before  
Bad hoes all on the stairs and the floor  
Boomer steady telling me to choose, I don't even know  
Cause I don't planning on leaving any time soon  
I don't wanna drink baby girl, I just wanna smoke, yeah  
To tell the truth, really I just wanna get you home  
Oh, don't mind me, you could keep doing what you're doing  
You could steady just drink on your Petron  
Why I throw up that gang and I scream for the band  
All of my niggas say we going in  
Sipping on lean, ain't drinking no gin  
I'm tryna leave with you and your friend, yeah  
Let's get up out of here, come out your band, yeah

We party, we smoking, we breaking the rules  
We turnt up, won't turn down, like ain't nothing to do  
We rock out, we boot up, we litty like ohhh-ya

She on a molly for real

Pop pint, where the Sprite? Where the lean at?  
Bad bitch, break her back like a kit-kat  
Fuck her hard, that's your bitch, squirt  
Pinky ring, that's a vert  
Freak ho, she'll swallow a bottle  
Instagram don't make you a model  
Only drinking on Bacardi  
Red bitch and she suck me sloppy  
Snuck in the club with a pocket rocket  
Rich nigga and a new Bugatti  
Flexing on her, bitches calling me papi  
Diamonds on me, too much ice like hockey  
Take a ho to a crib, make her party  
Skateboard bitches make me gnarly  
She wanna pop a lil pill  
She wanna party for real  
Rich nigga with a mil

I'm a fuck her cause she wet, splash  
Two phones, plug calling me back
