YoungBoy Never Broke Again

Ayo, Ran, turn that up

Pour more, I got the endin'
'Cause she controlled half of the beginnin'
Yeah, I wan' win it, no, I ain't finished
She wanna jeopardize my whole way of livin'

Shawty fire, please don't let my whole life burn down
Infiltratin', tryna sabotage, no love, I want money, baby
Lotta shooters 'round the whole damn club
I ain't worried 'bout nothin', baby

Straight up out the Northside
Gotta keep a gun and lay low down
Fly, sittin' high like eagles, totin' on a nine
But she like my demeanor
Poppin' my shit when it come to me and them
Money, I'm Top and I got me a check, I gave one to my momma
Put on brand new Pateks and they straight out the box
Heat a jake up and call, and they barely in commas
My shooter on style, that's a Balmain shotta
Still in the streets, ain't find my way out it
Dealin' with these hoes, been indicted, up and cold
Steady blockin' by the scope, catch a opp, leave him out here
Put his body in the street, you better hit him in the dome
Million dollar nigga, life still on the phone
On the table got deals, but my thirty keep it goin'
Nigga hate Top but my money keep flowin'
Turn her up, got another nigga bitch goin'
Glock with some money and a pint up in the foreign
I'ma sip syrup 'til my whole life all gone
Spray the whole block when the night lights on
Rich ass nigga, prolly got big gun
Scary-ass nigga, better wait they turn
Grandma died, now the love all gone
You better think to it before your life get burned

Pour more, I got the endin'
'Cause she controlled half of the beginnin'
Yeah, I wan' win it, no, I ain't finished
She wanna jeopardize my whole way of livin'

Shawty fire, please don't let my whole life burn down
Infiltratin', tryna sabotage, no love, I want money, baby
Lotta shooters 'round the whole damn club
I ain't worried 'bout nothin', baby

She wan' be my girl, nah, I think she likin' my song
I gotta figure her out
Baby, why can't I just focus right now?
Baby, I just invite her for to come to my house

Pour more, I got the endin'
'Cause she controlled half of the beginnin'
Yeah, I wan' win it, no, I ain't finished
She wanna jeopardize my whole way of livin'

Pour more, I got the endin'
'Cause she controlled half of the beginnin'
Yeah, I wan' win it, no, I ain't finished
She wanna jeopardize my whole way of livin'
