## YoungBoy Never Broke Again

Alexander McQueen scarf  
Make it look like that I'm here from London  
I o-o-o, look

I only want new edition, VVS diamonds, I flood out my pendant  
I stack up that money, I get it  
From the bottom, I'm comin', I'm straight out them trenches  
She want me to buy her Cartier, feelin' like I had a wrong start  
Hard body, got that MAC still, that's why I'm fitted in Chrome Hearts  
Rich and it's makin' me feel loved, thinkin' she safe  
She wanna stay with me, but she don't  
I got it, you want it, just say what you need  
Be with me, I believe you could help me achieve  
Tats on my face, I got tats on my sleeve  
I bang that red, but blue face my AP  
Whip got exhaust, but I feel I'm exhausted  
From grindin' all day to the night at the house  
Lose a tooth, knock the truth if you open your mouth  
Judge a book by it's cover, was hard made it soft  
Infinity vision for competition, spin a bang on ceilin'  
Probably caught me in the North  
Know that they wish, 'cause they want to get me  
I'm protected from tension, with a hundred some' rounds

Alexander McQueen scarf  
Make it look like that I'm here from London  
She want money, but I want her with me, 'til I'm burnin'  
Leonardo DiCaprio, oh, oh, carry on my life

Double R life  
Swervin' a Maybach to the store I need me some ice  
Lil bro turn right (Yeah, yeah, yeah)  
Fashions from London, imported myself  
Jay on that boy, with a gun on my belt  
On a plane to one jet to another, that's trauma  
Still I be thuggin', I give it one care  
Got the money, won't drive it, this moment is timeless  
They copy, I'm shinin', I'm on it, I'm grindin'  
He got caught in that North, he wasn't totin' the rocket  
Got shot in his noggin, I heard it, I heard it  
Foreign so big, turn, it's scrapin' the curb  
Post in the bottom, I poke, I serve  
Die for the county, they crossed it in curse  
They ain't give me no words, I got it, no worries

Make it look like that I'm here from London  
She want money, but I want her with me, 'til I'm burnin'  
Leonardo DiCaprio, oh, oh, carry on my life

Timeless, head to toe  
Word to word, song to song  
Catch up, niggas
