

# Out The Window

YoungBoy Never Broke Again

(Henry, you ate this one)  
I love the way you get  
You always jump right in  
Sayin' you're thinkin' that this is love  
Fallin' for me, fallin' for us, babe  
I love the way you-

Huh  
She ready  
I ain't gotta start it  
She got water like a levee  
I put shit in order  
I'm gon' time you with my presi'  
And I come from the gutter where my brother like my bestie  
Ooh, I'm down bad, I'm not knowin' what to say  
Flippin' and whippin' it  
Stackin' up benji's, look like I'm a bank teller, yeah  
My brother gon' get 'em, but I'm jumpin' in it  
You know that I ain't selfish, slime  
I already got my shirt off  
I'm out that window, right now

I'm out that window, you know I'm gon' ride for my brother (I'm out that window, right now)  
Hop out that window, time to slide, 'bout my brother (Pop out that window, right now)  
I'm out that window 'bout my shorty (Slime), you better not touch her (Come out the window, right now)  
I'm out the window, I'm out that window

I'm out that window, let's get it, I'm ready  
Hollerin' to shoot her, do not fuckin' test it  
My brother, my slime, my bestie (Slime)  
Hit at the OP, you know that we stretched 'em  
We did it  
Play with my shorty, lil' niggas gon' get it, lil' niggas can get it (Get it)  
And I'm pullin' up, right now  
I got my shirt off, behind big Henry (Oh)  
Takin' my time out, shorty wanna stay at my house, yeah (Yeah, oh)  
Havin' lil' side talks, showin' her that shit that money bought (Oh, oh, oh)  
Salt Lake, it's the city, I told her I come from The Bity  
She call me, I'm comin'  
Now, tell me, who trippin'  
I'm pushin' up with it, they gettin' it  
And I got her ready

Huh
