## YoungBoy Never Broke Again

Yung Lan on the track  
Oh Lord, Jetson made another one

Got a brand new pendant, I think I paid over for it  
I'm starting to think that I pay over for your love  
I'm fresh as hell, yeah, that's your loss, I ain't no scrub  
I was falling in love with you, I ain't take you as no dub  
You something else, you don't know what to do with yourself  
You grown, you don't need no help, my love is too heartfelt  
But I just wanna wrap you up and hold you in my arms for the night  
You been gone for so long, let's celebrate that we unite

I hit you up, you said don't call you, that was hurtful  
I guess I figure after all I deserve you, hold up  
Been a thug, I swear I did not mean to hurt you  
But look who we are, look what we built, now they can't search you  
Accept all the pain up, it come to a C  
Swear I can't wait to take you somewhere over the seas  
Waitress gon' wait the table, during it, I be pouring up lean  
Watching Mexico, Narcos while I'm rubbing your feet

She a real rough rider, let me get behind her  
Put this dick inside her and she just want my title  
I make her eat a Perc', fuck her, shawty a survivor (Eat it up)  
She a hood queen and her name is Ranada  
She a real rough rider, let me get behind her  
Put this dick inside her and she just want my title  
I make her eat a Perc', fuck her, shawty a survivor  
She a hood queen and her name is Ranada

Put a Patek on your arm, it brought tears to your eyes  
That wasn't a gift, that was some shit to make it right, damn  
Met up this morning but I'm still feeling like  
Oh, you don't want me? I'm not perfect, I should die, damn  
L, loyalty, love, love life  
O, oh, I'm that nigga that they don't like  
V, I be that nigga that's overtime  
E, everyday life, we livin' life  
Now take off, 'cause shawty bad, we livin' fast  
And you can't tell her for to give up somethin' you never had
