YoungBoy Never Broke Again

I'm keeping you right on side of me
I don't wanna take over keep ridin' me
I don't wanna cause no scene (yea)
Keepin' it calm I mean it whatchu go do you
Sending them threats and I don't take them lightly
Floating through the city we ridin'
Writing it don't gotta type it
Here me through you don't love me how you used to
I need you (oww) I don't lose (oww) jump out shoot (oww)
Side from the coop (oww)
I need them racks out the money mo money
They comin' I'm dumpin' I'm runnin' no frontin'

Turn to the side run out bust out the rod
You can see green in my eyes
Look and see that my heart tied
I let the act float out the bottle
I'm rollin' with 5 pullin' some out fo them slimes
I can not deal with the lies
Stop in the back ain't no robbin' me
Down for the gang she can ride for free
Perc after xan lay down for a week
Probably got a tec so I ain't hittin' yo weed
Molly and a x got a grip on me
Talk about she want a rich nigga view
I told her bye bye bye ain't nobody bought a block in with you

Its only you what you wanna do its only us taking on a few
