

Same Thang

YoungBoy Never Broke Again

(President, President, President)

Mm, go

Mm (This Top, lil' nigga)

I know for sure that both of our hearts on the same thing
Fell in love, I started lovin' you then things changed
Abused my heart, I picked my trust, I spent one million on a ring
Anything for you, they'll know you poppin', I got you

Fuck these lames, they watchin'
Fuck all these hoes, they jockin'
They gon' try to steal the swag, gotta watch it
Hunnid-grand for the car then I buy it
Switchin' lanes in the foreign, big body
Tell them people they don't know one thing about this, ooh

Fucked up 'bout somethin' and it's written on my face
Each every day, I decide to buy you diamonds
I love you so deeply, don't care what they say
Fuck with you strongly, if you need it, I pop it
I'll private jet wherever you at, I'ma fly it out
I'ma find out the issue, I called, what you cryin' 'bout?
Medusa-like snakes so I fuck with Versace
We could go with Ferrari or just do Maserati
Same thing, shawty, she be on the same thing
Plain Jane everything
Nothin' wrong, then some pain came
Makin' sure that girl keep her sane
Fuck what they talkin', let 'em throw out slangs
I'm ballin', they jealous so they wantin' me framed
I say, "Fuck 'em," you know she say, "Fuck 'em"

I know for sure that both of our hearts on the same thing
Fell in love, I started lovin' you then things changed
Abused my heart, I picked my trust, I spent one million on a ring
Anything for you, they'll know you poppin', I got you

Fuck these lames, they watchin'
Fuck all these hoes, they jockin'
They gon' try to steal the swag, gotta watch it
Hunnid-grand for the car then I buy it
Switchin' lanes in the foreign, big body
Tell them people they don't know one thing about this, ooh

Diamonds they glistenin', bring all of your friends
You know they wan' fuck on your nigga, let's do it
You they want all of this shit, they'll do it
Know you shouldn't've left out of this crib and they knew it
And the moment they laugh in your face 'cause you blew it
Hunnid racks for my bae on designer, I blew it
True Religion when we ridin' on a horse, she the truest
(She one of them, I got it that way)
Balenci' her boots, for her swag when it's snowin'
I'ma fly that girl 'round the whole world like a tourist (Balenciaga for the
boots when it's snowin', fly that girl 'round the whole world like a touris
t)
When you here, you just hit me and say where you goin'

I'm gettin' full of that drank while you doin' what you doin'

I know for sure that both of our hearts on the same thing
Fell in love, I started lovin' you then things changed
Abused my heart, I picked my trust, I spent one million on a ring
Anything for you, they'll know you poppin', I got you
