Time Flow

YoungBoy Never Broke Again

(SmokeNFcknRo)
Uh

I was the one who had kept it one hundred when all of these niggas was stunt in'
I don't wanna talk 'bout nothin'
Yeah, nigga, let's talk bout money
Uh, plain Jane wrapped 'round my arm, I ain't throwin' rocks at nothin'
Fuck around, spend me a hundred
I ain't got no budget on nothin'
This is that real, straight from the bottom
Ain't never had nothin', they buy it, they want it
They grew up so flawless, they don't do no talkin'
They ready to off 'em, they slidin' up on it
Plain Jane, shorty got pointers, he ready to point her and leave as soon as it's morning
He with them real deal gunners, he shoppin' at Saks and he never forgettin' the homeless
He want 'em in style when they shootin' and lettin' off that fire, oh
Forever, we wild, as many and many miles I go
Give me brain as my plane land in Idaho
I'm feelin' drained with the wind, but time steady gon' flow

Nigga, let's talk 'bout money ('Bout money)
I don't wanna talk 'bout nothin' ('Bout nothin')
Fuck around, spend me a hundred (A hundred)
Plain Jane, shorty got pointers (Got pointers)
I'm ready to point her as soon as it's morning, she know how a nigga be comin' (How I'm comin')
She know I ride 'round with them gunners (Brrt), she know we ain't goin' for nothin'
She know that we wild, as many and many miles I go
She know what I want before this plane land in Idaho
Forever, we win, I dribbled the win, yeah, time gon' flow
The way that you real, know you been betrayed, ayy, don't say nothin', I know

I get it, I spend it, I get it, I ship it, don't know where they hid it, I'm playin' with Benjis
Don't know where it's headin', just call when it's landed, wherever it's at, I'm comin' to get it
Black Maybach, cash out on a Bentley
Matte black gat, get down when I hit it
Thug all day, ride 'round through the city
Hitters on my ass, but they never could get me
It's karma and I give it however you want it
Distracted a nigga, I pray in the mornin'
Hacked on a nigga, get hit with the burner
Throw that strap on a nigga, get sent with no warning
Still at the spot, just call when you comin'
Plane Jane livin', I land and I'm runnin'
Watchin' them boys, can't move like a dummy
Forever, you know I'ma keep it one hundred
Forever, you know I'ma keep it a hundred
I'm dangerous, I be puttin' them under
I'm famous and I got it and won it
I'm tameless, so they not holdin' nothin'

I love when it's rainin', but thinkin' whenever it thunder, I be plottin' on somethin'
I'm with her, but really ain't trustin' her sister or mama, what they got to do with somethin'?

Nigga, let's talk 'bout money ('Bout money)
I don't wanna talk 'bout nothin' ('Bout nothin')
Fuck around, spend me a hundred
Plain Jane, shorty got pointers (Got pointers)
I'm ready to point her as soon as it's morning, she know how a nigga be comin' (I'm comin')
She know I ride 'round with them gunners (Yeah), she know we ain't goin' for nothin' (Nothin')
She know that we wild, as many and many miles I go
She know what I want before this plane land in Idaho
Forever, we win, I dribbled the win, yeah, time gon' flow
The way that you real, know you been betrayed, ayy, don't say nothin', I know
