What you sayin'? I run with cold blooded killers (blooded killers)  
I bet a nigga ain't gon' fuck with us, so what you sayin', it's up?  
It's up, I'll step on any nigga (any nigga)

I go hop in the round, with two choppers and the glizzy  
If they say that they want smoke  
When I catch 'em I hop out and zip 'em  
You around then you turn to a victim  
When I up it I'm shooting civilians  
I can bet my whole bank, that's on my name, I'ma kill 'em

Shoot him in his head, leave him for dead
