

## Why Oh Why

### YoungBoy Never Broke Again

Whoa, going out to the dark side [?]

I'ma stay alive (Stay alive), to the end of time (To the end of time)

Living all day, want me dead, good luck keep trying

Dolls on the way for suicide (Suicide), not taking our lives (Not taking o-o-o)

If I ever say that I'm a bad man, so watch your gun go fly

All we know is slinger, I'm a real bad man, we don't waste time

Talking on the block till it's daylight, all we know is slinger

All we know is slinger, I'm a real bad man, we don't waste time

Talking on the block till it's daylight, boy, oh-oo

And I know, boy, I grew up, I just gotta get out

I grow as a menace, I let go my feelings

I take out my top on a vette, nigga, play they get stretched

Fuck that burden, it's murder for witness

I know I ain't fell, but I gotta leave, oh

Ride with them straps in my Bentley

Place it on rocks, right on top of the penny

If we get the drop, then you know that we send it

If they ever get with me, just tell them good riddance

Murder right whenever they land, huh

Nigga, talking that shit, but ain't saying nothing

Trying, can't say shit, I'm spraying so

You know it's a homicide when that van coming, ooh

I'ma spend a new ten on a coupe

Never show you shit, no ten on you

No telling on you, you know it's the life

Oh, yeah, yeah, yeah

Sliding in court like a thief in the night

Them not tired of my life, they fly

Bombay, I ain't not down on my side (O-o-o, hey!)

I'ma stay alive (Wo!) (Stay alive), to the end of time (Wo!) (To the end of time)

Living all day, want me dead, good luck keep trying (Murder!)

Dolls on the way for suicide (Suicide), not taking our lives (Not taking o-o-o)

If I ever say that I'm a bad man, so watch your gun go fly

All we know is slinger, I'm a real bad man, we don't waste time

Talking on the block till it's daylight, all we know is slinger

(Talking on the block till it's daylight)

All we know is slinger (Murder!), I'm a real bad man, we don't waste time

Talking on the block till it's daylight, boy, oh-oo
