

# Wolf Cry

YoungBoy Never Broke Again

Wooh, wolf cry  
It's Top, nigga  
Yeah, you already know  
Oh, look, huh

Young nigga up all night writin' songs, tryna make it out  
Tell 'em keep that gun from out his hands, that ain't safe  
I don't feel secure, I need protection and a safer route  
So loose, I smoke leaf but, man, I'm focused on my paper  
Wolf cry, young nigga tryna make a song, he up all night  
I don't think these people understand when a wolf cry  
Walkin' with that shovel in his hand, he a gravedigger  
Make a pussy-nigga shit his pants when a wolf cry  
I am not playin' when I flash, ask the gods 'bout me  
Tear it down with a nigga or I make his ass check out  
I got the plan, niggas mad 'bout it  
Try and fight me with his hands and he gon' die  
Nigga try and slime and he gon' get it, huh  
Bitches sneakin' 'round on a nigga all through the night  
I'm a gang member and I'm still with it, huh, huh  
Tell a pussy nigga, "Kill me right now"  
Wolf cry, sat up in my face like Mandela, nigga  
Pull up on my children like I'm Santa, nigga, wolf cry  
Motherfuck your hand, I ain't never need it  
Tell them niggas I'm a man, business handled, nigga, fuck y'all  
I'ma make it better if I can, huh  
I done did months inside that can, nigga  
These niggas speak on me and I ain't ran with 'em  
I don't understand it, no  
That's a wolf cry, they ain't never seen a wolf cry  
[?], don't break on 'em  
'Cause hell on 'em, that's a wolf cry  
'Fore you know it, another pack comin'  
There's a full moon through the night and now it's snowin'  
Wolf cry, Gravedigger Mountain King-Kong'n  
With my blick on me, ain't nobody sayin' nothin'  
Wolf cry, joggin' for them hundreds, get that money  
I'ma come back, I'ma feed 'em all somethin'  
That's that wolf cry, gotta repent, gotta keep humble  
Gotta keep still, gotta keep it all goin', that's a wolf cry  
If I ever hear my pup cry, know the clique comin'  
Know the big dog runnin' there's a wolf cry  
Know you see me big bummin', in the trees runnin'  
Hoppin' out on 'em, that's a wolf riot  
Know he got to keep the money comin'  
Leave the Lamb' runnin', hoppin' out on 'em, that's a wolf ride  
Heard them niggas mad, keep turnin' all black on 'em  
You know we get masked on 'em if a bitch try  
I wan' have this money forever, livin' like this gotta be selfish  
They don't like me rich, they claim that I'm the devil  
You want beef, you hit at me and end up helpless

They ain't never seen a wolf cry  
That's a wolf cry
