She gon pull up to the side of the road  
Suck it up she dripping down to the toes  
Remember when I told her I need a 4  
Now texting she can't wait for the call  
I ain't trippin have yo chick back  
I've been sent upon on new path  
New new got me wanting mo stack  
Drippin Gucci on her new bag

She said I got that good sex  
Good vibe  
Nice smile  
No ties  
Real life  
So Realise  
Eyes on me yes both eyes  
Shout 2 with that 1 and that 6 to that six  
That's my dude's, that's my gang, that's my squad that's my guys

We going off with no range  
And she gon do what I say  
I swear that I'm on a way  
Full around for the rest of the day  
Lil mama she wanting a taste  
She to close and she tryna be bae  
Know she holding something that I crave  
But I give her that high elevate

Not too long ago they had all the doubt  
And I swear that they were running they mouth  
They ain't phasing took a trip around that town  
Sad man looking coz he left with a frown  
Taking over and I'm running my town bet the opposition they don't like how t  
hat sound  
You can't help the people that don't wanna be found  
I don't gotta leave ends send ma youngns around

I went off topic but fuck what they say  
We making moves and I'm tryna get paid  
All of this love but I feel like it's fake  
Shiiiiiee man I can do this all day  
I'm not bothered, tryna get back to fay  
Gotta make sure that my family straight  
Spinnin out but I know that it's fate  
Proving still, so don't speak on my name

I can never let that go  
Know she gon do all the most  
Think I have to give a toast  
She might leave me broke and froze  
I feel like she do the most  
And she looking past my flaws  
Getting warmed up and we only beginning  
I guess if you know then you know

She gon pull up to the side of the road  
Suck it up she dripping down to the toes
